PURSUANT TO 11 U.S.C. §§ 105(a) AND 366 (I) APPROVING
DEBTORS' PROPOSED FORM OF ADEQUATE ASSURANCE OF
PAYMENT, (II) ESTABLISHING PROCEDURES FOR RESOLVING
OBJECTIONS BY UTILITY COMPANIES, AND (III) PROHIBITING
UTILITIES FROM ALTERING, REFUSING, OR DISCONTINUING SERVICE**

TO THE HONORABLE UNITED STATES BANKRUPTCY JUDGE:

General Motors Corporation ("GM") and certain of its subsidiaries, as debtors and
debtors in possession in the above-captioned chapter 11 cases (collectively, the "Debtors"),
respectfully represent:

Background

1. On the date hereof (the "Commencement Date"), the Debtors each
commenced with this Court a voluntary case under chapter 11 of title 11, United States Code (the
"Bankruptcy Code"). The Debtors are authorized to continue to operate their businesses and

manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. No trustee, examiner, or statutory creditors' committee has been appointed in these chapter 11 cases.

2. Contemporaneously herewith, the Debtors have filed a motion requesting joint administration of the chapter 11 cases pursuant to Rule 1015(b) of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules").

General Motors' Businesses

3. For over one hundred years, GM, together with its approximately 463 direct and indirect wholly-owned subsidiaries (collectively, "General Motors" or the "Company"), has been a major component of the U.S. manufacturing and industrial base, as well as the market leader in the automotive industry. The Company's brands have been the standard bearer in the development of the American automotive industry, having produced some of the most striking and memorable automotive designs, including: Corvette, Riviera, and Eldorado. Over many years, the Company has supplied one in five vehicles sold in the United States. It is the largest original equipment manufacturer ("OEM") in the country and the second largest in the world. General Motors' highly-skilled engineering and development personnel also designed and manufactured the first lunar roving vehicle driven on the moon. Today, the Company continues as a leading global technology innovator. Currently, it is setting the automotive industry standard for "green" manufacturing methods.

4. William C. Durant founded General Motors in 1908 to implement his vision of one company growing through the creation and management of multiple brands. General Motors began as a holding company for Buick Motor Company, and, by 1916, the Company's brands included Chevrolet, Pontiac (then known as Oakland), GMC, Oldsmobile, and Cadillac. Under Mr. Durant's successor, Alfred P. Sloan, Jr., General Motors adopted the

groundbreaking strategy of “a car for every purse and purpose,” which revolutionized the automotive market by dividing it into distinct price segments, ranging from low-priced to luxury. Based on that strategy, the Company proceeded to build an automotive manufacturing giant offering distinctive brands and models for each market segment.

5. Over the past century, the Company grew into a worldwide leader in products and services related to the development, manufacture, and marketing of cars and trucks under various brands, including: Buick, Cadillac, Chevrolet, GMC, Daewoo, Holden, HUMMER, Opel, Pontiac, Saab,¹ Saturn, Vauxhall, and Wuling. The Company has produced nearly 450,000,000 vehicles globally and operates in virtually every country in the world. The recent severe economic downturn has had an unprecedented impact on the global automotive industry. Nevertheless, particularly in the United States, the automotive industry remains a driving force of the economy. It employs one in ten American workers and is one of the largest purchasers of U.S.-manufactured steel, aluminum, iron, copper, plastics, rubber, and electronic and computer chips. Almost 4% of the United States gross domestic product, and nearly 10% of U.S. industrial production by value, are related to the automotive industry.

6. GMAC LLC (“GMAC”) is a global finance company that provides a range of financial services, including customer vehicle financing to the Company’s customers and automotive dealerships and other commercial financing to the Company’s dealers.

7. The Company’s automotive operations include four automotive segments – GM North America, GM Europe, GM Latin America/Africa/Mid-East, and GM Asia Pacific – each of which functions as independent business units with coordinated product development and functional support. Each geographic region has its own management team, subject to

oversight by the Company. Substantially all of General Motors' worldwide car and truck deliveries (totaling 8.4 million in 2008) are marketed through retail dealers in North America and through distributors and dealers outside North America, most of which are independently owned. In addition to the products sold to dealers for consumer retail sales, General Motors sells cars and trucks to fleet customers, including rental car companies, commercial fleet companies, leasing companies, and governmental units.

8. As of March 31, 2009, General Motors employed approximately 235,000 employees worldwide, of whom 163,000 (69%) were hourly employees and 72,000 (31%) were salaried employees. In the United States, approximately 62,000 (68%) of the employees were represented by unions. The International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (the "UAW") represents the largest portion of General Motors' U.S. unionized employees (totaling approximately 61,000 employees).

9. As of March 31, 2009, General Motors had consolidated global recorded assets and liabilities of approximately \$82,290,000,000 and \$172,810,000,000, respectively. Global revenues recorded for fiscal year 2008 aggregated approximately \$150 billion.

The Economic Downturn and the U.S. Treasury Loan

10. In 2008, the Company was confronted by the worst economic downturn and credit market conditions since the Great Depression of the 1930s. Consumers were faced with illiquid credit markets, rising unemployment, declining incomes and home values, and volatile fuel prices.

11. This economic turmoil resulted in significant financial stress on the automotive industry. In the last quarter of 2008, new vehicle sales in the United States plummeted to their lowest per capita levels in fifty years. The Company's revenues fell precipitously, thereby draining liquidity that, one year prior, had been considered adequate to

fund operations. As a result of the impending liquidity crisis, the Company was compelled to seek financial assistance, on a secured basis, from the federal government in order to sustain the Company's operations and avoid the potential for systemic failure throughout the domestic automotive industry, with an attendant effect on hundreds of thousands of jobs and the sequential shutdown of numerous ancillary businesses.

12. The federal government recognized the potentially devastating negative effect of a GM failure on the U.S. economy. On December 31, 2008, GM and the United States Department of the Treasury (the "U.S. Treasury") entered into an agreement (the "U.S. Treasury Loan Agreement") that provided GM with emergency financing of up to \$13.4 billion pursuant to a secured term loan facility (the "U.S. Treasury Facility"). A number of the Company's domestic subsidiaries guaranteed GM's obligations under the U.S. Treasury Facility and also guaranteed each of the other guarantors' obligations that were entered into concurrently with the U.S. Treasury Facility. The U.S. Treasury Facility is secured by a first priority lien on and security interest in substantially all the assets of GM and each of the guarantors that were previously unencumbered, as well as a junior priority lien on encumbered assets, subject to certain exceptions. The U.S. Treasury Facility is also collaterally secured by a pledge of the equity interests held by GM and the guarantors in certain foreign subsidiaries, subject to certain exceptions.

13. The U.S. Treasury Facility required that the Company develop a plan to transform GM and demonstrate future viability. On February 17, 2009, in order to address this condition, GM submitted a proposed viability plan (the "Long-Term Viability Plan") to the automobile task force appointed by President Obama to deal with the issues confronting the

automobile industry and advise him and the Secretary of Treasury in connection therewith (the “Presidential Task Force”).

The U.S. Treasury-Sponsored Program for GM

14. On March 30, 2009, President Obama announced that the Long-Term Viability Plan did not meet the federal government’s criteria to establish GM’s future viability and, as a result, did not justify a substantial new investment of taxpayer dollars. The President outlined a series of actions that GM would have to undertake to receive additional federal assistance. In conjunction with this announcement, in the interests of the Company’s receiving further support from the U.S. Treasury, G. Richard Wagoner, Jr., who had been CEO since June 1, 2000, agreed to resign as Chairman and CEO of GM. In addition, Kent Kresa, a director since 2003, was appointed as Chairman of the Board, and it also was announced that a majority of the Board would be replaced over the next few months because it “will take new vision and new direction to create the GM of the future.” Barack H. Obama, U.S. President, Remarks on the American Automotive Industry at 4 (Mar. 30, 2009) [hereinafter *Presidential Remarks*].

15. President Obama also stated that the U.S. Treasury would extend to the Company adequate working capital for a period of sixty days while it worked with the Company to develop, propose, and implement a more aggressive viability plan that would include a “credible model for how not only to survive, but to succeed in th[e] competitive global market.” *Id.* The President observed that the Company needs a “fresh start to implement the restructuring plan” it develops, which “may mean using our [B]ankruptcy [C]ode as a mechanism to help [it] restructure quickly and emerge stronger.” *Id.* at 5. President Obama explained:

What I’m talking about is using our existing legal structure as a tool that, with the backing of the U.S. Government, can make it easier for General Motors . . . to *quickly* clear away old debts that are weighing [it] down so that [it] can get back on [its] feet and

onto a path to success; a tool that we can use, even as workers stay on the job building cars that are being sold.

What I'm not talking about is a process where a company is simply broken up, sold off, and no longer exists. We're not talking about that. And what I'm *not talking about is a company that's stuck in court for years, unable to get out.*

Id. at 5-6 (emphasis added).

16. The U.S. Government set a deadline of June 1, 2009 for the Company to demonstrate its viability plan to achieve the foregoing objectives. Consistent with the President's guidance, the Company began a deeper, more surgical analysis of its business and operations in an effort to develop a viability plan that would accommodate the needs of its secured creditors and other stakeholders by quickly achieving (i) sustainable profitability, (ii) a healthy balance sheet, (iii) a more aggressive operational transformation, and (iv) technology leadership. The U.S. Treasury indicated that, if an out-of-court restructuring was not achievable in that timeframe, then the Company should consider undertaking a new, more aggressive plan using an expedited, Bankruptcy Court-supervised process to implement the purchase of the Company's assets by a U.S. Treasury-sponsored purchaser pursuant to section 363 of the Bankruptcy Code (the "363 Transaction"). The purchaser would immediately take ownership of the purchased assets as "New GM" free from the entanglement of the bankruptcy cases. Although the U.S. Treasury has committed to provide debtor in possession financing for the Company to implement the sale and to support the new enterprise, it requires that the sale of assets occurs promptly to preserve value and avoid the devastating damage the industry would suffer if the business operations were not promptly extricated from the bankruptcy process.

17. The U.S. Treasury will provide the financing to create New GM. The U.S. Treasury also indicated that if such a transaction were consummated, it would assure that New GM had adequate financing and a capital structure that would assure New GM's long-term

viability. The U.S. Government consistently has emphasized that a fundamental premise of its approach is that a quick approval of the 363 Transaction as the tool for restructuring will avoid potentially fatal revenue perishability by restoring confidence in GM employees, its customers, its vendors, as well as the communities that depend on GM. New GM will be perceived by consumers as a reliable, economically sound automobile company that will stand behind its products and extend value to the purchasing public.

18. On April 22, 2009, the U.S. Treasury Loan Agreement was amended to increase the availability under the U.S. Treasury Facility by \$2 billion to \$15.4 billion. GM borrowed the additional \$2 billion in working capital loans on April 24, 2009.

19. As part of the Company's efforts to rationalize its business and to balance large vehicle inventories, on April 24, 2009, the Company announced that it would temporarily shut down certain production facilities starting on May 4, 2009 for a period not to exceed twelve weeks (the "Temporary Shutdown"). As of the Commencement Date, certain of the Company's assembly facilities remain operating, while other assembly facilities continue to be shut down. A number of those assembly facilities that currently are shut down are expected to resume operations by July 13, 2009 if the 363 Transaction is approved.

20. On May 22, 2009, the U.S. Treasury Loan Agreement was amended to increase the U.S. Treasury Facility by \$4 billion to \$19.4 billion. GM borrowed the additional \$4 billion in working capital loans on May 22, 2009.

The Exchange Offer

21. In an effort to achieve long-term viability without resort to the bankruptcy process and its negative effect on revenue, on April 27, 2009, GM launched a public exchange offer for the approximately \$27 billion of its unsecured bonds (the "Exchange Offer"). The Company believed that the Exchange Offer would provide the least intrusive means to

restructure its indebtedness for the future success of the Company. The Company, however, did announce in connection with the Exchange Offer that if it did not receive enough tenders to consummate the Exchange Offer, it would likely seek to achieve the joint goals of the Company and the U.S. Treasury, as the Company's largest secured creditor, by initiating cases under the Bankruptcy Code.

22. The Exchange Offer expired on May 26, 2009 without achieving the threshold of required tendered acceptances.

The 363 Transaction

23. Recognizing that the Exchange Offer might not be successful, the Company and the U.S. Treasury determined that it would be in the best interests of the Company and its stakeholders to prepare for the implementation of the 363 Transaction on a contingency basis while the Exchange Offer was being solicited.

24. Consistent therewith, over the past several weeks, GM and its Debtor subsidiaries (the "Sellers") have been engaged in negotiations with the U.S. Treasury with respect to the 363 Transaction. These negotiations culminated in the proposed Master Sale and Purchase Agreement with Vehicle Acquisition Holdings LLC (the "Purchaser"), a purchaser sponsored by the U.S. Treasury, dated as of June 1, 2009 (the "MPA"). The 363 Transaction, as embodied in the MPA, contemplates that substantially all of GM's assets, including the capital stock of the majority of its subsidiaries, will be sold to the Purchaser to effect the transformation to New GM and preserve both the viability of the GM enterprise and the U.S. automotive industry. The assets excluded from the sale will be administered in the chapter 11 cases for the benefit of the stakeholders in the chapter 11 cases. From and after the closing, the Purchaser or one or more of its subsidiaries will provide the Sellers and their remaining subsidiaries with services reasonably required by the Sellers and such subsidiaries to wind down or otherwise

dispose of the excluded assets and administer the chapter 11 cases. As part of the 363 Transaction, the Debtors, the Purchaser, and the UAW have reached a resolution addressing the ongoing provision of certain employee and retiree benefits.

25. The Debtors intend to use the chapter 11 process to expeditiously consummate the 363 Transaction and establish New GM as an economically viable OEM, serving its customers, employees, suppliers, and the interests of the nation. The MPA is a critical element of the program adopted by the U.S. Treasury to rehabilitate the domestic automotive industry. The 363 Transaction furthers public policy by avoiding the fatal damage to the industry that would occur if New GM is unable to immediately commence bankruptcy-free operations.

26. Notably, both the Government of Canada and the Government of Ontario, through Export Development Canada (“EDC”), Canada’s export trading agency, have agreed to participate in the DIP financing provided by the U.S. Treasury to assure the long-term viability of GM’s North American enterprise.

27. The gravity of the circumstances cannot be overstated. The need for speed in approving and consummating the 363 Transaction is crucial. The business and assets to be transferred are extremely sensitive and will be subject to major value erosion unless they are quickly sold and transferred to New GM. Any delay will result in significant irretrievable revenue perishability to the detriment of all interests and will exacerbate consumer resistance to readily accept General Motors products. Expeditiously restoring and maintaining consumer confidence is a prerequisite to the successful transformation and future success of New GM.

28. The expedited approval and execution of the 363 Transaction is the foundation of the U.S. Government’s objective “to create the GM of the future,” and to preserve

and strengthen the U.S. automotive industry and the tens of thousands of jobs involved. To paraphrase President Obama's remarks, the 363 Transaction "is our best chance to make sure that the cars of the future are built where they've always been built – in Detroit and across the Midwest – to make America's auto industry in the 21st century what it was in the 20th century – unsurpassed around the world." *Presidential Remarks* at 7.

Jurisdiction

29. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

Relief Requested

30. In connection with the operation of their businesses, the Debtors obtain electricity, natural gas, oil, water, sewer, telephone, and other utility services (collectively, the "Utility Services"), as that term is used in section 366 of the Bankruptcy Code, from a number of utility companies or their brokers (collectively, the "Utility Companies"). The Utility Companies, along with their respective affiliates, that provide Utility Services to the Debtors as of the Commencement Date include, but are not limited to, those that are listed on Exhibit A annexed hereto (the "Utility Service List").²

31. To the best of the Debtors' knowledge, there are few, if any, defaults or arrearages of any significance with respect to the Debtors' undisputed invoices for prepetition Utility Services, other than payment interruptions that may be caused by the commencement of these chapter 11 cases.

²The inclusion of any entity on, as well as any omission of any entity from, Exhibit A and the description thereof is not an admission or concession that such entity is, or is not, a utility within the meaning of section 366 of the Bankruptcy Code, and the Debtors reserve all rights and defenses with respect thereto.

32. Pursuant to section 366(c)(2) of the Bankruptcy Code, a utility may alter, refuse, or discontinue a debtor's utility service if the utility does not receive from the debtor or the trustee within thirty (30) days of the commencement of the debtor's chapter 11 case "adequate assurance of payment" for postpetition utility services. 11 U.S.C. § 366(c)(2). Section 366(c)(1) of the Bankruptcy Code provides that "assurance of payment" of postpetition charges may consist of "(i) a cash deposit; (ii) a letter of credit; (iii) a certificate of deposit; (iv) a surety bond; (v) a prepayment of utility consumption; or (vi) another form of security that is mutually agreed on between the utility and the debtor or the trustee." *Id.* § 366(c)(1)(A).

33. To ensure the uninterrupted supply of Utility Services critical to the operations of the Debtors' businesses, by this Motion, pursuant to sections 105(a) and 366 of the Bankruptcy Code, the Debtors request the Court (i) approve the Debtors' proposed adequate assurance of payment for postpetition Utility Services; (ii) establish procedures for resolving objections interposed by Utility Companies relating to the adequacy of the proposed adequate assurance; and (iii) prohibit the Utility Companies from altering, refusing, or discontinuing service to, or discriminating against, the Debtors solely on the basis of the commencement of these chapter 11 cases or a debt that is owed by the Debtors for services rendered prior to the Commencement Date.

34. The Debtors intend to pay all postpetition obligations owed to the Utility Companies in a timely manner and anticipate sufficient funds available to permit them to do so. If, however, any Utility Company believes assurance that is additional to that which the Debtors propose herein is required, the Debtors propose that such Utility Company be required to file an objection to the Motion in accordance with the procedures set forth below.

The Proposed Adequate Assurance Deposit

35. In connection with the relief requested herein, the Debtors propose to provide adequate assurance of payment to each Utility Company, pursuant to section 366 of the Bankruptcy Code, in the form of a cash deposit. The Debtors propose to provide a deposit to any requesting Utility Company no more than seven (7) business days after the receipt of such request, which deposit will be equal to two (2) weeks of Utility Services, calculated based on the historical average over the past 12 months (the “Adequate Assurance Deposit”), *provided* (a) such request is made in accordance with the procedures set forth below; (b) the requesting Utility Company does not already hold a deposit equal to or greater than two (2) weeks of Utility Services; and (c) the requesting Utility Company is not currently paid in advance for its Utility Services. As a condition to requesting and accepting an Adequate Assurance Deposit, the requesting Utility Company will be deemed to have stipulated that the Adequate Assurance Deposit constitutes adequate assurance of payment to such Utility Company within the meaning of section 366 of the Bankruptcy Code.³

Adequate Assurance Deposit Request Deadline

36. The Debtors propose that a Utility Company seeking an Adequate Assurance Deposit must make such request in writing to (i) General Motors Corporation, 30200 Mound Rd., Engineering Bldg, M/C 480-111-W65, Warren, MI 48090 (Attn: Mike Demsky) and (ii) the attorneys for the Debtors, Weil, Gotshal & Manges LLP, 767 Fifth Avenue, New York, New York 10153 (Attn: Pablo Falabella) (together, the “Notice Parties”), so that it is received on or before **4:00 p.m. (Eastern Time) on [_____]**.

³The Debtors further request that any Adequate Assurance Deposit required by, and provided to, any Utility Company pursuant to the procedures described above be returned to the Debtors at the conclusion of these chapter 11 cases, if not returned or applied sooner.

Adequacy of Proposed Adequate Assurance

37. The Debtors submit that the Adequate Assurance Deposit, in conjunction with the Debtors' ability to pay for future Utility Services in the ordinary course of business (collectively, the "Proposed Adequate Assurance"), constitute adequate assurance to the Utility Companies as contemplated by section 366 of the Bankruptcy Code. Accordingly, upon entry of an order granting the relief sought in this Motion, any Utility Company that fails to timely request an Adequate Assurance Deposit on or before **4:00 p.m. (Eastern Time) on [_____]** (the "Adequate Assurance Deposit Request Deadline"), or otherwise file an objection to the Motion as described below, will be deemed to have been provided with adequate assurance of payment as required by section 366 of the Bankruptcy Code and will be prohibited from discontinuing, altering, or refusing to provide Utility Services, including as a result of unpaid charges for prepetition Utility Services.

Objections To The Proposed Adequate Assurance

38. In light of the severe consequences to the Debtors of any interruption in services by the Utility Companies, but recognizing the right of the Utility Companies to evaluate the Proposed Adequate Assurance independently, the Debtors propose that any Utility Company not satisfied with the Adequate Assurance Deposit must (i) file an objection with the Court ("Objection"), which Objection shall (a) be in writing, (b) set forth the amount and form of additional assurance of payment requested, (c) set forth the location(s) for which Utility Services are provided, (d) include a summary of the Debtors' payment history to such Utility Company, including any security deposits, and (e) set forth why the Utility Company believes the Proposed Adequate Assurance is not sufficient adequate assurance of payment; and (ii) serve the Objection upon the Notice Parties so that it is received on or before **4:00 p.m. (Eastern Time) on [_____]**. The Debtors propose that the Court determine the adequacy of the Proposed Adequate Assurance

with respect to all Objections that are not resolved prior to the hearing pursuant to section 366(c) of the Bankruptcy Code.

39. The Debtors further propose that, absent compliance with the procedures set forth herein to request an Adequate Assurance Deposit or final adjudication of a timely Objection to the Proposed Adequate Assurance, the Utility Companies be forbidden from altering, refusing, or discontinuing service as a result of any unpaid prepetition charges or the Debtors' failure to provide additional adequate assurance of payment other than the Proposed Adequate Assurance.

Subsequent Modifications of Utility Company List

40. Although the Debtors have made an extensive and good-faith effort to identify all of the Utility Companies that provide Utility Services, as set forth on Exhibit A, certain Utility Companies that currently provide Utility Services to the Debtors may not be listed. To the extent that the Debtors identify additional Utility Companies, the Debtors will promptly file amendments to the Utility Service List and promptly serve copies of the order granting this Motion (when and if entered) on such newly-identified Utility Companies, with the related Adequate Assurance Request Deadline extended for any newly-identified Utility Company to a date that is twenty (20) days from the date the amendment is filed. The Debtors request that the order approving this Motion be binding on all Utility Companies, regardless of when such Utility Companies are added to the Utility Service List.

Basis for Relief Requested

41. The relief requested herein will ensure that the Debtors' operations will not be disrupted. If a disruption occurs, the impact on the Debtors' businesses and revenue would be extremely harmful. The relief requested provides the Utility Companies with a fair and orderly procedure for determining requests for additional or different adequate assurance.

Without the adequate assurance procedures sought herein, the Debtors could be forced to address hundreds of requests by Utility Companies in a disorganized manner at a critical period in these chapter 11 cases and during a time when the Debtors' efforts could be more productively focused on operations for the benefit of all parties in interest.

42. Prior to the enactment of the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005 (the "2005 Amendments"), it was well established by Courts, commentators, and legislative history that section 366 of the Bankruptcy Code did not require, as a matter of course, that the debtor provide a deposit or other security to its utilities as adequate assurance of payment. In *Virginia Electric & Power Co. v. Caldor, Inc.*, 117 F.3d 646, 647 (2d Cir. 1997), the United States Court of Appeals for the Second Circuit affirmed the Bankruptcy Court's ruling that the debtor's prepetition payment history and postpetition liquidity, as well as the administrative expense priority afforded to postpetition invoices, constituted adequate assurance of future performance. It rejected the argument that section 366(b) nevertheless required a "deposit or other security," holding that "a bankruptcy court's authority to 'modify' the level of the 'deposit or other security,' provided for under section 366(b), includes the power to require no 'deposit or other security' where none is necessary to provide a utility supplier with 'adequate assurance of payment.'" *Id.* at 650. *See also Shirey v. Philadelphia Elec. Co. (In re Shirey)*, 25 B.R. 247, 249 (Bankr. E.D. Pa. 1982) ("section 366(b) . . . does not permit a utility to request adequate assurance of payment for continued services unless there has been a default by the debtors on a pre-petition debt owed for services rendered").

43. Under the 2005 Amendments, section 366(c) of the Bankruptcy Code permits a utility company that provides service to a debtor in a chapter 11 case to alter, refuse, or discontinue utility service if, within 30 days after the commencement of the chapter 11 case, the

utility company does not receive adequate assurance in a form that is “satisfactory” to the utility company, subject to the Court’s ability to modify the amount of adequate assurance.

Furthermore, pursuant to section 366(c)(3)(B), in determining whether an assurance of payment is adequate, the Court may not consider (i) the absence of security before the petition date, (ii) the debtor’s history of timely payments, or (iii) the availability of an administrative expense priority.

44. The adequate assurance procedures set forth herein have been adopted in other chapter 11 cases. For example, in *In re Beach House Property, LLC*, No. 08-11761-BKC-RAM, 2008 WL 961498, at *2 (Bankr. S.D. Fla. Apr. 8, 2008), the Court interpreted section 366(c) to mean that “a debtor may comply with § 366 by proposing a means and amount of adequate assurance in a motion filed at the start of a case,” and that “[a]s long as the debtor then pays the Court ordered amount by the 30th day, the debtor will have complied with § 366 and the utility may not discontinue service.” *Id.* The Court will generally “[set] an objection deadline and hearing date which allows for any dispute to be resolved prior to the 30 day deadline in § 366(C)(2).” *Id.* Failure to object, respond, or make a counter-demand prior to this deadline can be interpreted as acquiescence on the part of the utility. *See In re Syroco Inc.*, 374 B.R. 60, 62 (Bankr. D.P.R. 2007).

45. The 2005 Amendments clarified what does and does not constitute “assurance of payment” and what can be considered in determining whether such assurance is adequate. *Id.* at *1 (citing 3 Collier on Bankruptcy ¶ 366.03[2] (15th rev. ed. 2006)). In enacting section 366(c) of the Bankruptcy Code, Congress did not divest the Court of its power to determine what amount, if any, is necessary to provide adequate assurance of payment to a Utility Company. *See* 11 U.S.C. § 366(c)(3)(A) (“On request of a party in interest and after

notice and a hearing, the Court may order modification of the amount of an assurance of payment”). Under section 366(c), there is nothing to prevent a Court from deciding, as Courts have before the enactment of the 2005 Amendments, that, on the facts of the case before it, the amount required of the Debtors to adequately assure payment to a utility company is nominal, or even zero.

46. Moreover, Congress has not changed the requirement that the assurance of payment only be “adequate.” Courts construing the meaning of “adequate” assurance of payment under section 366(b) of the Bankruptcy Code prior to the 2005 Amendments held that it did not require an absolute guarantee of the debtor’s ability to pay. *See, e.g., In re Caldor, Inc. – N.Y.*, 199 B.R. 1, 3 (S.D.N.Y. 1996) (“Section 366(b) requires [a] [b]ankruptcy [c]ourt to determine whether the circumstances are sufficient to provide a utility with ‘adequate assurance’ of payment. The statute does not require an ‘absolute guarantee of payment.’”) (citation omitted), *aff’d sub nom. Va. Elec. & Power Co. v. Caldor, Inc. – N.Y.*, 117 F.3d 646 (2d Cir. 1997); *In re Adelphia Bus. Solutions, Inc.*, 280 B.R. 63, 80 (Bankr. S.D.N.Y. 2002) (same). Therefore, despite the language in section 366(c)(2) of the Bankruptcy Code allowing a utility to take action against a debtor should the debtor fail to provide adequate assurance of payment that is “satisfactory” to the utility, section 366 of the Bankruptcy Code does not require that the assurance provided be “satisfactory” once the Court determines the appropriate amount of adequate assurances.

47. Further, the Court possesses the power, under section 105(a) of the Bankruptcy Code, to “issue any order, process, or judgment that is necessary or appropriate to carry out the provisions” of the Bankruptcy Code. 11 U.S.C. § 105(a). The proposed procedures

will ensure the Debtors' Utility Services are continued without prejudicing the Utility Companies.

48. The Debtors submit, therefore, that the relief requested herein is necessary and appropriate, is in the best interests of their estates and creditors, and should be granted in all respects.

Notice

49. Notice of this Motion has been provided to (i) the Office of the United States Trustee for the Southern District of New York, (ii) the attorneys for the U.S. Treasury, (iii) the attorneys for EDC, (iv) the attorneys for the agent under GM's prepetition secured term loan agreement, (v) the attorneys for the agent under GM's prepetition amended and restated secured revolving credit agreement, (vi) the holders of the fifty largest unsecured claims against the Debtors (on a consolidated basis), (vii) the attorneys for the UAW, (viii) the attorneys for the International Union of Electronic, Electrical, Salaried, Machine and Furniture Workers—Communications Workers of America, (ix) the United States Department of Labor, (x) the attorneys for the National Automobile Dealers Association, and (xi) the attorneys for the ad hoc bondholders committee.
